# The First Chaperts of Creation

## That Night

There is good; there is evil. Night— so day.

Before now, when God and Goddess visited Our Earth ..

"Nothing wrong, dear— it's only night here!"

"Oh! is this night?: I'll call the light."

Sun was asleep after a full-day's stress,

So He came in His night-dress.

And it broke into a light-cloudy day.

No more silent they remain;

Grew there the shouts of pain.

Quarrel to hear; queue to see.

Any they went back to fair and tea.
